Pikesville MD 21208

Dear Nannette,

I wanted to thank you again for all the help you gave our son Paul. Last year, when he began his college search, he quickly realized that the best art colleges were very competitive and highly selective. Given this, we realized he needed professional help and mentoring. The time he spent with you was invaluable. We believe your help in preparing his portfolio, how to present his portfolio and your guidance with the overall application process made all the difference in his acceptance at MICA. Not only was his application accepted at MICA, he received a \$36,000 Presidential Scholarship.

Your enthusiasm and dedication to Paul is why he is where he is today. You are helping young artists reach their goals. We look forward to inviting you to his future art exhibits.

Sincerely,

Stephanie Hughes
